BE Education company website is [www.be.co](http://www.be.co)

BE is a Chinese company established in 2003, head quartered in Shanghai and has two divisions which are Wycombe Abbey International Schools and Study Abroad Services.

## Wycombe Abbey International Schools

The Wycombe Abbey International Schools Division currently has one large K12 boarding school in Changzhou taking mostly Chinese students, with several projects for new school openings.

## Study Abroad

Our study abroad division is well established and has locations in Shanghai, Beijing, Tianjin, Chengdu, Hangzhou and Shenzhen. The study abroad division supports students to study in top high schools in the UK and the US. BE sends more international students to UK high schools than any other company.

**Consultancy** – We have a British and American team who advise students on which schools they could attend for study and also process applications to the school. We hire British and American consultants who have attended top institutions such as Radley College, Harrow, Eton College and Dartmouth College.

**Tuition Education** – We have a significant and fast-growing tuition education service which has American and British teachers to teach students in subjects such as English, Sciences and Mathematics. The classes are one on one, serving students who wish to study in the UK or US. The tutor team is talented with teachers who graduated from universities such as Oxford, Cambridge and Dartmouth College, as well as a Chinese team of study advisors, lesson schedulers and Education manager.

**Online tuition** – We operate an online tuition service which has a database of teachers from the US or the UK. Lessons are delivered to students in China or the UK. The teacher database includes several top university graduate teachers, including over 10 Oxford graduates, several Cambridge graduates and Yale graduates.

**Holiday Programmes**– We run several summer courses and winter courses for students to attend with top educational institutions in the UK and US such as Columbia University, Yale University, Radley College and Eton College. We have worked with Eton College to provide summer courses for each of the last ten years.
